Down Reconditioning Request Form

CUDDLEDOWN
MANUFACTURING FINE HOME FASHIONS SINCE 1973

Cuddledown can recondition your old down comforters and pillows. We can adjust the amount of down or replace the comforter and pillow tickings. We offer standard American pillow and comforter sizes in your choice of cotton comforter tickings and cotton pillow tickings. Unfortunately, we are unable to recondition featherbeds and feather-filled pillows.

We do not offer cleaning services, and so request that you wash your older comforters and pillows before sending them to our Reconditioning Department. Soiled items will be returned.
